

Wild Aces Blackjack League Promotion

Starting September 20th, 2026, we will begin a new High Limit Blackjack promotion where patrons will get points for every “Ace card” they are dealt.

In order to take part in the Wild Aces Blackjack League, patrons must first have an Ace player’s card and then register themselves as a participant with a Pit Boss or Supervisor. During the 8-week promotion (from Sept 20th to Nov 15th), participants will be ranked weekly based on points they earned in that week and the top 3 places each week will win cash prizes. Points earned over the entire 8 weeks will also be calculated for the final standings and on Nov 15th, the top 5 places in the final standing will win the grand prizes.

Additionally, participants will also be able to redeem their points for match plays, gas cards or F&B at any time during the 8 weeks, giving participants that don’t rank in the top 3 each week a chance to also earn prizes for participating. Redeemed points will be tracked, but will not be subtracted from the participant’s final points standings.

Points will be calculated at 1 Ace = 1 point, though participants will be encouraged to bring friends to play in the league and register those friends as their “referral” to earn additional points. When a participant is playing at the same time as their referral, they will earn extra points for each Ace (up to a maximum of 5 points, which would require the participant to have 4 friends registered as their referrals, with all 5 participants playing at the same time). This will not only grow our player base, but will allow a method to “catch up” to higher participants in the standings.

Earning points:

When a patron signs up with Pit Staff to be a participant, they will be given a gold “Wild Aces” league card, which they will keep on the table with them when they are playing, recognizing them as a participant in the league. When the participant is dealt an “Ace”, they must request a voucher from the Dealer (similar to our current paper ballots). The participant will then collect these vouchers as they play and submit them to a Pit Boss after they are finished playing, so that their points for the day can be recorded.

Participants playing with their referral must request a “referral card” from the Pit Staff, which will stay at the table with their league card to show that they are getting bonus points. The Pit Staff will check the spreadsheet to ensure the proper referral is registered and the “referral card” will be taken back after the participant is done playing.

Points for the Wild Aces Blackjack League will be recorded on an excel spreadsheet in the pit.

Weekly prizing:

Each Sunday starting September 20th, points from the previous week (from Sunday to Saturday) will be calculated for all participants and the top 3 point-earners for the week will be listed as winners of the weekly prizes of: 1st place **\$500**, 2nd place **\$100**, 3rd place **\$50**

Winners will be contacted and told to see a Games Manager to collect their weekly prize. Games Managers will retrieve the weekly prizes from Slots, as needed and fill out a prize form when paying the prizes.

On November 15th there will be weekly prizes for points earned in the last week (Nov 8-14), as well as Final Standings Grand prizes for points earned throughout the entire 8-week promotion.

Final Standings Grand Prizes:

On November 15th the total points for all participants from September 20th to November 14th will be calculated and the top 5 point-earners in the final standings will get the following prizes: 1st place **\$2,000**, 2nd place **\$1,250**, 3rd place **\$750**, 4th place **\$500** and 5th place **\$300**

Same as the weekly prizes, the winners will be contacted and told to see a Games manager for their prize.

Points Redemption:

Participants may redeem their points for extra prizes of match plays, gas cards or F&B at any time during the promotion. These redeemed points will be marked as “redeemed” in the spreadsheet, but will not be subtracted from the participant’s final standings. This allows participants who don’t make the standings to still get rewarded for participating in the league.

Redemptions must be done with a Games manager to ensure they are logged properly on the tracking spreadsheet.

Redemptions will be done at the following amounts:

25 points = \$25 F&B (loaded to their Ace player's card)

50 points = \$25 match play

50 points = \$50 F&B (loaded to their Ace player's card)

100 points = \$50 match play

100 points = \$100 F&B (loaded to their Ace player's card)

200 points = \$50 gas gift card

**Redeemable prizes are capped at \$5,000 over the 8-week promo and are "first-come, first-serve". Once \$5,000 in prizes have been redeemed, no more redemptions will be allowed.

Dear Chad,

Ace Casino Airport would like to run a Wild Aces Blackjack League promotion for 8 weeks, starting September 20, 2026 – November 15, 2026.

- Patrons playing High Limit Blackjack will earn points for each Ace card they are dealt and collect the points for prizes.
- Patrons must register with the pit and have an Ace player's card to participate for points in the league.
- Patrons may redeem their points at any time during the promotion for set prizes such as match plays, gas cards and F&B. Redeemed points will be tracked, but will not be removed from the participant's final standings.
- Additionally, each Sunday starting on September 27th, all participants in the League will be ranked based on total points earned from Sunday to Saturday and the top three point totals for that week will win additional set cash prizes.
- At the end of the 8-week promotion, the top five total points standings for the entire 8-week period will win the grand prizes, concluding the league.
- \$10,000 in League standings prizes will be given out during the 8-week promotion, including the final grand prizes.
- Redeemed prizes will be capped at a maximum of \$5,000. Once \$5,000 in prizes have been redeemed, there will only be the League standings prizes left.
- Points earned from collected Aces will only apply to the seated player and are non-transferable. Only one player per spot may collect points (no partner-betting for extra points).
- Participants will earn additional bonus points for referring new League members and playing alongside them. The more friends they bring to play with them, the more points they'll earn in the League.
- Referred players must be registered as participants and may only count toward one other participant for bonus points and only when they are both playing at the same time. A participant may only have a maximum of 4 referred bonus points at any given time.
